

NMIT:

This Level 2/3 programme will introduce you to Art, Design & Digital Technology in a practical and fun way.

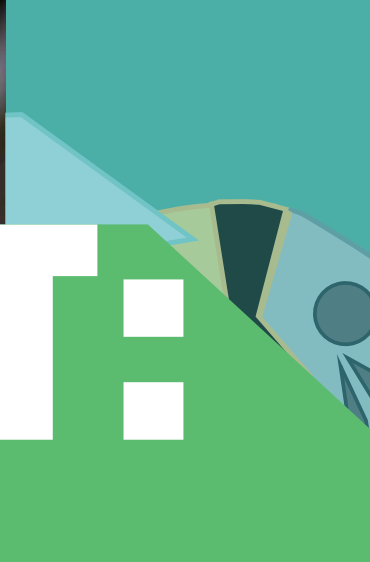

You will get to spend time working in the NMIT art studio and graphics design department gaining skills for a digital web-based Art & Design portfolio site/mobile friendly app using programming languages such as HTML, CSS and JS. As part of this programme you will learn different arts and design techniques (analogue and digital) including various print making methods, graphics, fundamentals of photography including aperture, depth of field, shutter speed and ISO. Create logos, digital illustrations, animated GIFs, cinemagraphs and stop-motion videos using Adobe Creative Cloud software and present them on your own web-based portfolio.

This qualification could be the first step in a career or a spring board for further study into IT or Art & Design.
