

#### Curriculum Goals:

To enable students to develop design and technology skills for the Arts, Design and Digital Technology fields to prepare them for further study and/or employment in any of these fields, and to make these decisions with a sound understanding of the skills and attributes needed to work in digital technology and design. This course is practical and experiential. Students will develop and practice their 3-dimensional art skills in NMIT's Arts and Digital Technology department.

#### Delivery:

This course is delivered over one day per week. It is designed to extend skills gained in Arts, Design and IT Trades Academy programmes. The programme will be delivered in 9 week modules between Arts and Design and Digital Technology. It may also complement a Gateway or other school-based programme designed to prepare students for industry.

#### Vocational Pathway: Design and Digital Technology

**Learner Goals and Outcomes:** On completion of this course, the student will be able to:

1. Demonstrate an understanding of methods and ideas from established practice appropriate to design.
2. Demonstrate an understanding of methods and ideas from established practice appropriate to sculpture.
3. Use drawing to demonstrate understanding of conventions appropriate to design.
4. Systematically clarify ideas using drawing informed by established sculpture practice.

Achievement Standards					
Unit No	Title	Level	Credits	Version	SR/R
91305	Demonstrate an understanding of methods and ideas from established practice appropriate to design	2	4	2	SR
91309	Demonstrate an understanding of methods and ideas from established practice appropriate to sculpture	2	4	2	SR
91445	Use drawing to demonstrate understanding of conventions appropriate to design	3	4	2	
91454	Systematically clarify ideas using drawing informed by established sculpture practice	3	4	2	
	<b>Total NZQF Credits</b>		16		

**Vocational Pathways:** SR = Sector Related; R = recommended

To receive a Vocational Pathways Award, students must gain NCEA Level 2. Within the 80 credits required to achieve NCEA Level 2, 60 of these Level 2 credits must be from the recommended standards in one or more pathways, including 20 Level 2 credits from Sector Related standards.

#### Methods of Assessment

Assessment will include:

1. portfolio preparation
