

Curriculum Goals:

To enable students to develop design and technology skills for the Arts and Design fields to prepare them for further study and/or employment in any of these fields, and to make these decisions with a sound understanding of the skills and attributes needed to work in art and design. This course is practical and experiential. Students will develop and practice their art skills with a variety of projects which could include, drawing, clay making, printmaking, digital photography and photoshop in NMIT's Arts and Digital Technology department.

Delivery:

This course is delivered over one day per week. The programme may also complement a Gateway or other school-based programme designed to prepare students for industry.

Vocational Pathway: Visual Arts

Learner Goals and Outcomes: On completion of this course, the student will be able to:

1. Demonstrate an understanding of methods and ideas from established practice appropriate to design.
2. Demonstrate an understanding of methods and ideas from established practice appropriate to printmaking.
3. Use drawing to demonstrate understanding of conventions appropriate to printmaking.
4. Demonstrate an understanding of methods and ideas from established practice appropriate to photography.
5. Use drawing to demonstrate understanding of conventions appropriate to photography.

Achievement Standards

Unit No	Title	Level	Credits	Version	SR/R
91305	Demonstrate an understanding of methods and ideas from established practice appropriate to design	2	4	2	SR
91308	Demonstrate an understanding of methods and ideas from established practice appropriate to printmaking	2	4	2	SR
91448	Use drawing to demonstrate understanding of conventions appropriate to printmaking	3	4	2	
91307	Demonstrate an understanding of methods and ideas from established practice appropriate to photography	2	4	2	SR
91447	Use drawing to demonstrate understanding of conventions appropriate to photography.	3	4	2	
	Total NZQF Credits		20		

Vocational Pathways: SR = Sector Related; R = recommended

To receive a Vocational Pathways Award, students must gain NCEA Level 2. Within the 80 credits required to achieve NCEA Level 2, 60 of these Level 2 credits must be from the recommended standards in one or more pathways, including 20 Level 2 credits from Sector Related standards.

Methods of Assessment. The following method of assessment will be used:

1. portfolio preparation
