2000

Jity omm CELEBRATING years OF TOP OF THE SOUTH TRADES ACADEMY!

If you are into sport and exercise and want to know more about how your body responds and adapts to exercise, then this is the programme for you.

Find out how your body reacts to training and what things you should be including in your training to improve your sports performance and fitness.

Have a look at some of the common training tools, fitness methods and models and apply these to yourself and others. Train in a different environment with up-to-date instructors and get a feel for the other options you could go on to study to be able to work in the sport, health and fitness industry.

The Sport and Exercise programme gives you a practical opportunity to develop your own sports training and fitness; while exploring the wide

career opportunities in the fitness, sport and recreation sector.

For more information on what you will learn and the credits you can achieve in this programme, go to the Trades Academy website and follow the course information links.
